Year 8 Introduction

Dear Parent(s) and/or Carer(s) of Eight Leeke,

Welcome back to a new year at St. Olave's Grammar School for you and your son. I am really very pleased to have become your son's Form Tutor; in this role I aim to provide your son with every support from day-to-day administration to helping him cope with any challenges he may come across during this year.

I hope that your son is going to have a very happy and interesting time in Year Eight where he will make new friends, reinforce old friendships, learn new ideas, refine old ones and meet new challenges. I would hope and encourage both him and yourselves to make contact with me if you have any worries or concerns about your son's life at school from academic issues to extra-curricular and social elements. Additionally, if you have any changes of circumstances domestically, please do inform me at the earliest opportunity. I am easily contactable by email, telephone and letter or a note in your son's planner and will reply to your message as soon as possible.

It was a pleasure to meet your son during the tutorial interviews and I look forward to assisting with his school life in any way I can. I am new to St. Olave's and am looking forward to teaching within the Mathematics Faculty this academic year.

Please do also let me know about any of your son's achievements, successes and activities done outside of School (including over the Summer Holidays); I would like to get to know your son as quickly and as well as possible.

Yours sincerely,

Nicola Chambers

Teacher of Mathematics
