

Dear Students in Years 10-13

Work experience

We encourage our senior students to undertake work experience as part of your careers' education. Some of you will have arranged this yourself through personal contacts and others will have used specialist platforms such as Springpod or InvestIN.

In order to improve how we offer work experience to our students and to assist those who have completed it, we are requesting your feedback on any experiences you've undertaken this year. Please use this link to complete the feedback form:

There is advice about finding and applying for work experience on Unifrog and opportunities are promoted on Springpod, InvestIN and Moodle. Work experience is not paid work such as a weekend job you may have, it is temporary experience of a workplace where you undertake tasks, shadow or observe in a workplace associated with a career you are interested in following. At St. Olave's students complete their work experience during holidays, making sure the time spent does not interfere with exam revision time.

Yours sincerely
