

06 July 2020

Dear Students/Parents/Carers of Years 7, 8 and 9

### **The Unifrog Destinations, Careers and Progression platform extended to KS3 pupils from 6th July**

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school, we are now extending our use of Unifrog, the award-winning online careers platform. All students in Years 10-13 already have access to this excellent website and we are now adding Years 7-9.

KS3 pupils can investigate the opportunities available to them and explore pathways to their future using the variety of tools on Unifrog. Here they record their activities and competencies. The MOOCs (online courses) offer academically challenging opportunities or introduce pupils to areas of study and career options they may not have considered. Up to date, accurate information about the job market and tertiary opportunities on the website can inform stimulating dialogue at home.

Unifrog brings into one place every undergraduate university course, apprenticeship, and college course in the UK. This makes it easy for students to compare and choose the best university courses, apprenticeships or further education routes for them. They can also explore overseas opportunities by looking at undergraduate programmes in Europe and the USA.

Using the platform at KS3 helps students build their profile towards successfully applying for these opportunities at KS4 and 5 whether for work experience or post school progression.

Students login to their Unifrog account using their St. Olave's email address and password and they can do so from any computer, tablet or smartphone. Students will be sent login emails which will prompt them to create a memorable password and get logged onto the platform.

We have also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to support your child. We encourage you to use the platform with your child so you can guide them through the process of deciding their next step. The form code you need is parentsstolaves and you can sign up at [www.unifrog.org/code](http://www.unifrog.org/code)

For more information, go to [www.unifrog.org](http://www.unifrog.org) and if you have any questions concerning the use of Unifrog, please contact me on [splatts@saintolaves.net](mailto:splatts@saintolaves.net)

Yours sincerely

Mrs Stella Platts  
Careers and Progression Co-ordinator
